Dear Dr. Hashim:

Again, we thank you for providing a contribution in support of our New York Academy of Sciences meeting entitled "Inhibition of Matrix Metalloproteinases: Therapeutic Potential." The meeting was very well attended, and we have been told that it was highly successful.

Dr. Greenwald and I are hoping to have the annals published within a year. Accordingly, we thought that you would be interested in the enclosed offer to purchase the publication.

Sincerely yours,

Lorne Golub
